Dear Ms Billington

I am a retired, white, British-born citizen who worked for decades in various kinds of school, including ten years in a state school as Head of Languages. I should congratulate you on your election as my new M.P., but it is difficult to do so for these reasons.

A) You willingly serve under a leader who:

- ... also willingly served for 5 years under Jeremy Corbyn, a virulently anti-semitic Marxist and sympathizer of known associates of terrorists.
- ... defended some of those terrorist associates.
- ... said that Corbyn would be "a good P.M."
- ... fought in court to obtain benefits for illegal migrants - and succeeded.
- ... failed to prosecute Jimmy Savile.

Frankly, the idea that Mr Starmer is worthy to lead this country is preposterous. I cannot refer to him as "Sir", since that is a title that should be reserved for citizens who have rendered great service to the people. I hardly think that defending known-terrorists and their sympathizers describes that. **"He was just doing his job."** Well, guards at Auschwitz might have said the same thing.

B) **Your party won 21% of the votes of those eligible to vote and 34% of those who actually voted.** You seem to think this gives you a mandate to carry out an extremely radical set of policies, including reversing many of the gains of BREXIT. In particular, the proposal to reduce the voting age to 16 is breathtaking in its cynicism. UNDER 16s are CHILDREN, who do not have the wisdom, knowledge and experience required to help determine our leadership. In any case, that would be a CONSTITUTIONAL CHANGE that should require a referendum.

C) Your party under the hideous Blair launched (and the Tories continued) a vast programme of mass immigration to **"rub the noses of the Right in diversity"**. As a result, (QUITE APART FROM THE TSUNAMI of violent crime in all areas) our infrastructure is catastrophically crumbling, in the NHS and housing in particular. People are waiting up to 20 hours in A&E; months if not years for treatment; cannot easily see a G.P face-to-face; cannot find a NHS dentist and so on.

Nor can ordinary people find accommodation they can afford. To solve the latter you propose to RAID PENSIONS and use the money to build houses ON GREEN LAND for MIGRANTS - even as native Brits struggle, with indeed thousands of military veterans living rough. Most of this new housing WILL NOT BE NEAR your posh homes but on green land, and local residents will have no right to protest about housing estates for migrants being built in their community. As Rayner said, you will **"force councils to take their fair share of migrants" WHOM NOBODY VOTED FOR.**

- D) Your party (and therefore you) fawn to ISLAM, the most vile cult ever to inflict itself on Humanity, one which has killed FAR MORE PEOPLE than Genghis Khan, Stalin, Mao and the Nazis combined. Many parts of England in particular are now ghettos unrecognizable as English where no native Brit would EVER want to go. We have a Muslim Mayor who is ISLAMICIZING London and new mosques are springing up with great regularity. We even have "faith schools" subsidised by the taxpayer where Muslim kids are taught to hate "Infidels". Do you understand ANYTHING about ISLAM? Have you READ the KORAN, the CV of Muhammed and the history of ISLAM? Do you not KNOW what life under ISLAM is LIKE - and would or WILL be like in our country?

The authorities (and Labour in particular) turned a blind eye to MUSLIM GROOMING AND RAPE of young girls in multiple cities over some four decades, during which up to ONE MILLION GIRLS WERE ABUSED.

You also fawn to the unions such as the obscenely-overpaid train drivers and of course civil servants and other state employees with unaffordable gold-plated pensions that those in the private sector you hate can only dream of.

- E) Your party seems consumed by class hatred. Rayner has said she wants to abolish private education altogether, and you are starting with this insane VAT proposal. This will cause HUGE MISERY and CHAOS as ordinary families are forced to remove their children to state schools WHICH HAVE NO ROOM FOR THEM. And NOBODY BELIEVES that your financial calculations add up.

### QUESTIONS:

1. Where is your plan to reduce the debt that will surely lead to economic collapse? Is it:
  - to TAX people till the pips squeak and kill off enterprise and growth or
  - to make REAL savings in expenditure?HINT: taxing the rich to the hilt is ONLY going to harm investment and enterprise.
2. You have cancelled Rwanda and the Bibby barge, but WHAT IS YOUR PLAN FOR IMMIGRATION? Get France to co-operate? (VERY FUNNY) Or is it simply to continue unabated into the 2nd most densely-populated country in Europe?
3. Your PRIMARY DUTY is DEFENCE, currently in a shambles. Have you a plan for that apart from abandoning our nuclear deterrent as 25% of your Cabinet want to do?
4. Do you REALLY think that Lammy, Reeves and Rayner are remotely competent and capable of uniting the country? Many millions do not.
5. Are you REALLY going to defy the majority and try to reverse BREXIT? SERIOUSLY?

6. Are you going to cave in to EVERY group that wants to blackmail the people? Teachers, doctors, civil servants, train drivers? I will try to do my travelling before rail prices go up even MORE once you have caved in to the train drivers as usual.

So, no, I cannot congratulate you. I am deeply pessimistic about the future, which as with ALL countries that ISLAM migrates to will eventually lead to civil war. Before that will come even increased social division and bitterness - and economic ruin as it ALWAYS DOES with Labour. You want to promote GROWTH? NOBODY BELIEVES YOU.

## A) STOCKPORT & TOMMY ROBINSON

Over the past four decades or so, mainly Pakistani Muslims (NOT 'ASIANS' as habitually reported by the Orwellian msm) have committed horrendous crimes in the grooming and rape of up to one million girls in multiple cities. These crimes have been ignored and even covered up by the Establishment (Labour councils and politicians in particular) as THEY say **"for the sake of diversity"**, but in reality because they fawn to ISLAM for Muslims' votes - and because they are pig-ignorant of the true nature of ISLAM.

Tommy Robinson has been relentlessly and viciously pursued by the authorities for campaigning to try to expose these appalling crimes. During this campaign, he has indeed committed minor crimes (mainly in refusing the Establishment courts' diktaks to keep him silent) as part of his years-long campaign to expose ISLAM and the crimes it inspires its followers to commit.

The Tory party and indeed even Nigel Farage at times have joined in this leftard campaign of vilification and demonization of Robinson - a campaign so relentless and mendacious that many in the public have been deceived. As Hitler said: **"Make the lie big, tell it often and eventually they will believe it."**

But the Truth usually emerges at some point, and that point has now been reached. Tommy is not slick, smarmy and surrounded by PR spin merchants. He is direct, blunt and somewhat unpolished, but WE ARE SICK OF SLICK, GLIB, LYING politicians such as Blair - and indeed Cameron (2010: **"We will reduce immigration; no ifs or buts."**)

The bottom line is that Robinson has dedicated his life in recent years to fighting for justice and Truth - which actually makes him a hero of the people. The British Establishment, on the other hand, is now recognized by millions as basically an ENEMY of the people, so its very hatred of Tommy actually PROVES that his actions are honorable.

MUSLIM CRIMES AGAINST MINORS (keep a sick bag handy):

\*Turning a blind eye to hideous sexual crimes "for the sake of diversity" reveals a moral sickness at the heart of the Labour Party.

## **B) The FAR RIGHT**

Mr Starmer has been banging on like the rest of the Establishment about the so-called "FAR RIGHT" - a continuing campaign to demonize millions of citizens. Whoever the Far Right are, they are citizens and have rights, too.

They have the right:

- ... not to have MILLIONS OF IMMIGRANTS (MANY ILLEGAL and CRIMINAL) foist on them at VAST COST without their consent.
- ... to live in a peaceful and law-abiding society without an endless rise in crime of all kinds: knife murder, burglary, people and drug-smuggling, fraud and so on - ALL OF WHICH HAVE ROCKETED IN RECENT YEARS.
- ... not to have entire areas of cities (and soon entire cities themselves) converted to ISLAMIC enclaves and ghettos where NO INDIGENOUS BRIT would ever want to go.
- ... not to have their hard-earned money taken off them to fund the lifestyles of idle parasites who have never worked and have no intention of ever doing so - not to mention ILLEGAL IMMIGRANTS (YOU COULD NOT MAKE IT UP).
- .... not to have to put up with the ISLAMICIZATION of their capital city.

Your party gives the impression of not giving a damn about the rights of millions of citizens while you fawn to ISLAM, the unions blackmailing us and ILLEGAL IMMIGRANTS.

THE ESTABLISHMENT ARROGANCE in totally ignoring the concerns of MILLIONS OF CITIZENS is nauseating. Unless something changes fast, the Stockport riots are just the beginning.

**SORRY - BUT THIS IS THE TRUTH**

Yours sincerely

Chris SNUGGS
